

# Plan to Conduct Outreach

Use this worksheet to plan outreach activities. Consider a venue in your community that may be suitable for tooth decay prevention outreach, then provide responses to each question to prepare for successful outreach.

---

**Why choose this venue?**

---

**What contact person and information would you need to know before going to this venue?**

---

**How would you prepare to go to this location?**

---

**What materials and information will you need?**

---

**What obstacles and challenges might you face?**

---

**How can these obstacles or challenges be overcome?**

---

**How can you use your personal network to find venues for tooth decay prevention outreach?**
